

Loomis Bed and Biscuit Inn

Their home away from home

Preparing for Future Boarding Stays

What to Bring:

Collar/Harness, Leash, Food, any Medications

We ask that all pets coming in are either on a leash, or carried in by owner. We will put **our collars** on dogs during the stay so that your personal items are not damaged.

Food Preparation:

You will need to provide food for the entirety of your pets stay. We feed pets twice a day, once at Breakfast, and once at dinner. We are happy to provide a Lunch if you want your pet to have three meals a day. **Lunches have a fee of five dollars per day.** We have a refrigerator and freezer for any fresh meals. All food needs to be bagged for each individual mealtime and labelled with your pet's name, the date, and AM/PM. **We can provide your pet with our house food, at a fee of five dollars per meal.**

Medications:

We require all medications to be separate from the food bags even if your pet eats it with his/her meal. We need to know the names of medications, dosage amount, and instructions for each medication. **Medications have a fee of five dollars per day.**

What not to Bring:

Dog beds, crates, toys, or dog's blankets

We are happy to hold on to these items for you, but we provide our own bedding and pups sleep crate and cage free. Some dogs like to nibble on bedding, and we don't want your personal items getting damaged! Do not worry, we will make sure your pet is extremely comfortable during his/her stay!

Rates

Overnight (24 hours): \$63.00 Full Daycare: \$38.00 Half Daycare: \$28.00

Drop off Times

Mon – Sat: 7-9 am, 12-1 pm
Sun: 12-1 pm
